 - a. BVHS- We are following our outlined plan. Waiting for wall mounts(over 10 weeks now) and swivel cameras.
Covid- HS currently has 34 students quarantined, 4 active cases. Sports are on hold for the next two weeks. If we have 3 positive cases in one grade that grade will go online for two weeks. If we have 15 positive cases in the school we will go online for two weeks. We are doing good right now. We are optimistic that sports will start and the kids will be able to play this year.
 - b. BVE- We are following the plan Principal LeFevre set up last year. Spent about \$1000 so far. We have a couple kids in quarantine and a couple teachers. Fall festival went well.
